## How To Use:

RMR-Xtreme Hunting Scent Eliminator is formulated with natural plant-based ingredients, making it eco-friendly and free from harmful VOCs. This heavy-duty scent neutralizer effectively removes stubborn human, automotive, fuel, food, laundry, and smoke odors from hunting clothes, stands, gear, footwear, and more, allowing users to remain undetectable to wildlife!

Amazon Rating:

“There are a couple plusses to this spray that aren’t even advertised well/at all on the product page such as zero VOCs and the fact that it’s biodegradable. It helps when one tries to leave as small of a footprint as possible. And it seems to work. Turkey season hasn’t started yet so I haven’t used it in action, but it does seem to take the smells out of clothes that have been in storage since the fall.”

“This is an excellent odor eliminating spray. Simply spray over whatever you’re using, including hunting clothing. And in my case, what I needed was for my hunting boots. It does exactly as it says an instantly destroyed the odor. My hunting boots had quite the smell to them and one quick treatment and the smell is gone. This will be perfect for hunting season.”
